

# Step into the future with Batelco's Cloud Connect Solutions

Increase your business productivity  
with fast and secure connection  
to the leading Cloud platforms.

**Batelco**  
Global

# Overview

The rapid evolution of cloud-based platforms has caused businesses of all sizes to move their infrastructure and applications to the cloud.

Batelco's Cloud Connect Solutions allows you to connect your local and cloud presence in a way that's both seamless and secure over Batelco's Global Network.

Through its Cloud Connect solutions, Batelco offers dedicated connectivity directly to your cloud infrastructure via a fully owned and operated robust global network, completely bypassing the public internet.

With direct connections to the leading cloud service providers such as Google Cloud, AWS, Microsoft Azure, Salesforce, and Alibaba Cloud, Batelco's Cloud Connect Solutions can be customized entirely to the specific needs of any enterprise.

# Highlights of Batelco's Cloud Connect Solutions

## **Simple and secure multi-cloud connectivity**

Provides you with secure and private connectivity to multiple cloud platforms, allowing you to embrace flexibility in bandwidth allocations.

## **Secure and reliable private connectivity**

Easy access to your chosen cloud platforms with a secure and reliable network. Our resilient network provides you with improved security and application performance.

## **Flexible and integrated solutions**

Enables you to utilize the flexibility and scalability of a hybrid cloud strategy and to maximize your flexibility within secure and reliable network-integrated cloud services.

## **Develop and migrate workloads and applications**

Enable you to securely move your compute and applications to your Cloud of choice to help expedite your go-to-market strategy.

# Batelco: Your Partner of Choice

## Higher performance and resilient network

We offer 26+ fully operated and supported points of presence (PoPs) across the world, through which we avoid single points of failure, provide better country resilience and offer efficient use of international capacities.

## Roadmap of global cloud platforms

We enable connectivity to a diverse range of Cloud platforms including AWS, Microsoft Azure, Sales Force, Google Cloud and Alibaba Cloud with an extensively growing pool of partners.

## Dedicated support from experts

Our Network Operations Center (NOC) is fully equipped to provide dedicated around-the-clock support offered by a highly skilled team of engineers.

## Guaranteed service and performance

With our extensive Cloud services and solutions comes guaranteed Service Level Agreements (SLAs) helping your business secure high performance and reliability.

**Batelco's innovative Cloud Connect solutions your partner of choice to connect you to multiple Cloud platforms through a robust global network.**
